

 **LOOK OUT CALIFORNIA!**

This month, G.S. Gelato will be exhibiting at Natural Products Expo West 2011 on March 10-13 in Anaheim, California. The show is the world's largest natural, organic and healthy products trade show. There will be over 3,000 exhibitors at this years show. We will be showcasing a variety of gelato and sorbet.

**DON'T FORGET MARDI GRAS!**

We've had a great response to our King Cake Gelato! Once the Mardi Gras season is over, it will be gone until next season. The gelato is festively decorated with yellow, purple and green sprinkles on top and one in every ten pints contains a sugar "baby". The pints are available in many small chains in Louisiana, as well as through our website.
